

May 13th, 2010 Auction Outcome

Another successful sale has gone by and LVG would like to thank everyone that made it out; especially those that made it to the end in the rain. Despite the beautiful weather in Caledon for the sale in March, even more bidders came out for the May 13th sale. 1,300 registered live bidders and 220 bidders registered online.

Online bidding continues to become more popular among LVG clients. At the May sale, it helped out a few people who did not feel like standing out in the never-ending rain. Online bidding can be very convenient for those who cannot make it to the auction due to distance or not being able to get out of the office the day of the sale. With the yard being open the weekend before auction day, viewing the equipment before buying it online has become a convenient way for many buyers to bid on the equipment they need. On May 13th, 5% of sales went to online bidders. The whole online bidding process has become much more user friendly and many people are finding it to be a convenient option.

If you do not wish to bid on any lots but still want to watch the sale from your home or office, you can still view it online without having to register. For more information on online bidding, visit www.proxybid.com/lvg.
